

# StageMaster™

**Produced by:  
Darnell-Rose**

StageMaster™ is the newest star from Darnell-Rose, the leading manufacturer of quality casters. This new multi-swivel caster dazzles the audience with features like three extra-heavy duty casters on a hefty load bearing swivel platform, and protected underbody to keep bearings clean and running smooth.

Engineered specifically for stage and film production props and equipment, but adaptable to other applications as well, StageMaster™ performs gracefully moving props,

scenery and other production equipment with ease.

World-class quality, superior service and top-drawer performance are traditions dating back to our founding in 1921. Today, Darnell-Rose's line of "Made in the USA" quality casters, wheels, bumpers and couplers are specified worldwide where quality is a must, service is expected, and value is judged by performance.
